Recruitment Strategy and Retention

We make sure that we understand your business, your projects, your values and your deadlines. We prioritize a clear outline of what roles are required to be filled and in what timeframes and then we deliver, first time, every time!

Our internal database is a constant ergonomic platform of which we take great care. It is consistently maintained and upgraded to ensure that only the most current, experienced and qualified candidates are available so not to waste anyone's time when manning requirements are to be filled.

PG Global is as it says a "Global" company that is committed to attracting and more importantly retaining and developing quality resource. This is paramount to our business. We strongly believe in having and maintaining close working relationships with all our Candidates and Clients now and ever more based on our pre and post sales being adhered to at all times.

We pride ourselves in the fact that we intercept Oil, Gas and Energy Professionals through our skilled Headhunting experience and gain thousands of referrals. These referrals come to us by Professionals that do not wish to disclose their details to the general public, similar companies or place their resumes on the internet.

Oil, Gas, Energy and Marine professionals all around the World choose "PG Global" as their preferred supplier

Recruitment Model

Service Delivery

PG Globals' Oil & Gas, Renewable Energy and Marine Teams are highly professional, organised, dedicated, and are proficient in working to your industry specifications and requirements on a 24/7 basis. All our Recruitment Consultants and Specialists have many years experience in recruitment, predominately within the Oil, Gas, Renewables & Marine Sectors.

Our Consultants and Specialists understand that when recruiting, it is imperative to bring in people who are not only technically suitable, but also fit culturally within your organisation. With this in mind our teams carefully research each candidates overall work experience and suitability.

Our meticulous screening process incorporates a series of rigid behavioural style telephone and face to face interviews, ID verification, reference checking and industry accreditation thoroughly checked.

To enable the highest level of communication and service delivery an experienced & dedicated Client Service Manager is matched and allocated to each new account. Reviews are then scheduled and conducted by the Client Services Manager and your appointed authorised personnel regularly.

Quality Assurance

PG Global realise the importance of establishing and maintaining standards. We call it our QA Process and it forms a core part of our Client ethos.

Compliance:

Local legislation, taxation, visas and work permits. PG Global research & implement local compliancy to ensure that our consultants will be fully legal in terms of taxation and working rights.

Pre-Selection Process:

We are constantly updating and vetting our database of qualified Candidates. This involves interviewing, referencing and industry accreditations being thoroughly checked. We have forged strategic partnerships with leading compliancy companies over the years in order to give our Clients the professional support guaranteed at all times.

Health and Safety

The Health and Safety of all our employees, contractors and self-employed associates is of paramount importance to us.

Our objectives are to reduce risk, the prevention of injury and loss of damage. Identify Health and Safety hazards and manage them so that the risks are effectively controlled.

Work to safety standards which satisfy our statutory requirements and reflect good industry working practice. Review and develop these standards continuously, and revise them accordingly.

Our commitment is to ensure that our consultants and employees are trained to understand and carry out their responsibilities, and continually reviewing our policy by auditing its effectiveness in the workplace.
